As an aspiring Software Developer actively seeking an internship opportunity. I possess a strong foundation in different programming languages, complemented by hands-on projects . Eager to leverage my academics knowledge, quick learning ability, and passion for coding in a professional setting. Excited to contribute to innovative project and gain valuable real-world experience.

## Work Experience

October 2023 - October 2023    [Personal Portfolio Website \(GitHub Link\)](#)  
Personal Project

- Developed a personal website portfolio, using Html, CSS and JavaScript showcasing my development skills.
- Implemented a web design for optimal viewing on different devices and browser.
- Demonstrated proficiency in frontend development by creating a user-friendly interface.
